

32-64/2013-NWP-BB/FTTH

Dated 05/12/2013

To,  
Chief General Managers  
All Telecom Circles/ Metro districts

Sub : Residential service telephone connection over FTTH-reg

1. Kindly refer to this office letter no. 32-96/2013-NWP-BB/ FTTH Services dated 27/09/2013 regarding immediate closure of service connections in Home & Offices over FTTH.
2. Later some references were received seeking permission to provide/ continue residential service connection over FTTH, where Copper network is not available.
3. This issue has been examined and it has been decided that wherever copper network is not at all available such as residential apartments/complexes/ and high rise buildings etc, residential service connection may be provided / continued over FTTH.
4. The plan over FTTH shall be offered as per ADSL BB entitlement of the Officer for residential service connection only.

  
-Deepak Garg  
Addl. GM (NWP-BB)
