Subject- Guidelines/Clarification for provision of Residential service FTTH connection under FTTH unlimited Broadband plan for officers of level of JAG and above in DOT-regarding.

Clarification/Guidelines were sought regarding provision of Residential service FTTH connection under FTTH unlimited Broadband plan for officers of level of JAG and above in DOT-regarding for implementation of the Department of Telecommunication, PHP section circular no. 3-1/2013-PHP dated 22.06.2016. The case has been examined and Competent Authority has decided that extension of these premium services across certain level of officers will consume limited revenue generating resource, therefore it is not feasible. Such limited precious resource needs to be utilized for revenue generation. However, based on availability, only fraction of capacity available, these services may be extended to the officers based on their official requirement.
