The Chief General Manager,
Telecom Stores, Kolkata

Subject: Matter regarding shortage of staff in various Executive grades being reported by various Circles- Case of Telecom Stores.

This relates to the persistent requests from various Circles/Units for allotment of staff in various Executive grades on the counts of shortage on the basis of existing sanctioned strength of each Circle.

There is no denying the fact that against the sanctioned strengths in executive hierarchies, there is an increasing shortage across all streams. Smaller units are facing the shortage in various executive grades.

To meet such shortages, the efforts are being made to integrate certain specific functions in overlapping areas and till such time, as an immediate solution, it will be advisable to call options from the eligible executive from nearby units of WB/CTD/TS/TF etc. to fill up the post of Vigilance Officer in Telecom Stores, Kolkata.
