Sir,

We would like to draw your kind attention to the terms and references for consideration for the Committee constituted under your Chairmanship vide letter cited under above reference. We find that representatives from the Associations who recently gave a call for agitation have been included in the said Committee.

2. In this connection, we would like to state that our Association represents a significant size of BSNL Executives, to whom, any decision on the terms and references of the said Committee, without consulting us, will be unjustified and uncalled for. It is like imposition of the views of a section of the Executives on the other Executives who are not members of the three Associations who have been given representation in the Committee.

3. We therefore request that, the views of our Association on these terms and references should also be taken and seriously considered before arriving at any decision on these vital issues.

With kind regards,

Yours sincerely,

(V.P.Arya)  
General Secretary
